

## What is Bridge 47?

The Bridge 47 Network was created right after UN Member States adopted the 2030 Agenda for Sustainable Development, and the name refers to Target 4.7. of the Sustainable Development Goals.

For the first time in the global context, Target 4.7 of Agenda 2030 recognised how important it is for learners of all ages to have the knowledge and skills needed to act for sustainable development. Bridge 47 was created to coordinate our efforts in responding to this challenge, and to build bridges between the different types of transformative education mentioned in Target 4.7.

The Network is open to anyone who believes that transformative education, as detailed in Target 4.7, is required to create the change we want to see in our societies and the world.

Bridge 47 is an EU funded project that facilitates networking, partnerships, advocacy, and innovation for policy makers, civil society organisations, educators, activities, media, academia and businesses who care about using education to create positive change in societies.

# Personnel

## Rilli Lappalainen

**Bridge 47 Chair and Founder**

*I founded the Bridge 47 Network to create bridges between Global Citizenship Education and all types of transformative education. I work as a Director for Advocacy for Sustainable Development at Fingo – Finnish Development NGOs, specialising in enhancing sustainable development through, among others, active citizenship. I am also the vice-chair of Forus (which is the International Platform for National Platforms) and actively involved in the work of the European Confederation of Relief and Development NGOs, CONCORD.*

## Nora Forsbacka

**Project Manager**

*As Project Manager, I lead the international Bridge 47 team, a team with 20 colleagues in 11 different European countries, and coordinate the policy and advocacy work of Bridge 47. Through Bridge 47, we want to awaken people to act as global citizens and to transform themselves and the world.*
